

# Mrs. Danielli's Class

Each week we grow in faith, hope and love of learning.

## This week:

Students took two of the three Scantron tests assessing their current skills.

## Perseverance and dedication

### Homework

The students are beginning to have consistent homework. In fourth grade, students generally have 40 minutes of homework. This ensures they are able to practice and retain skills they began during their daily lessons.

The students use an assignment notebook to keep track of each of their homework assignments each day. If they have completed the assignment they can place a check next to it in the notebook. The students also have their book initialed by a parent. This process can help

to encourage taking responsibility of their learning.

**“Always do your best. What you plant now, you will harvest later.” - Og Mandino**

## Next week:

### Monday

Scantron Test  
Music

### Tuesday

Science Lab  
Spanish  
Gym  
Library

### Wednesday

School Mass  
Art

### Thursday

Computer  
Gym  
Hot lunch -  
Baja Fresh

### Friday

Spanish  
Dismiss at 11:30am

1

## SCIENCE

This week we learned about tools scientists use with weather. In the upcoming weeks we will create our own anemometer.

2

## RELIGION

This week was the Donuts for Dads mass. We prayed for all fathers, godfathers, and father figures in a particular way.

3

## LANGUAGE ARTS

This week we learned compound sentences, run-on sentences, and an introduction of nouns.
